Every 9 seconds a woman is beaten.

Nearly 1/3 of American women report being abused by a husband or boyfriend at some point in their lives

In the last 21 years, The Refuge Network has helped 18,473 victims of domestic violence who have had over 55,450 follow-up contacts.

AGENCY OVERVIEW

The Refuge Network started out of concern expressed by citizens for the need to provide services to victims of domestic violence. The founding members recognized that family violence, unfortunately, is pervasive throughout our communities and crosses over all social, economic and religious backgrounds.

Since 1986, The Refuge Network's mission has been to help bring an end to domestic violence by providing supportive, non-judgmental services. And today we continue to hold the belief that no one deserves to be abused.
